

## **SAVE THE DATE**

### **Green Waste Fuel Reduction Event**

**June 1, 2026 through June 15, 2026**

The Ponderosa Springs Community Association will be providing a dumpster and a team to pick up and dispose of your green waste.

(Pine needles, leaves, branches etc.)

*You are responsible for getting your green waste to your property line along the road for pick-up. If you need help with your property clean-up, we can provide you with the names of several local landscape businesses. Contact Robin at (602) 799-6857 (text preferred) for information.*

This is the year to get it done!

Note: the Blattner Brush Pit no longer accepts pine needles and leaves from the public.

More information to come!
